2017-18 NFHS RULES REVISIONS:

1-13-2	<p>The coaching box shall be outlined outside the side of the court on which the scorer's and timer's table and team benches are located. The area shall be bounded by a line drawn <u>28</u> feet from the end line towards the Division line. At this point a line drawn from the sideline toward the team bench becomes the end of the coaching box going towards the end line.</p> <p>Note: State Associations may alter the length and placement of the <u>28 foot (maximum)</u> coaching box.</p> <p>Effective Immediately. Tape may be used to extend the 14-foot line to 28 feet.</p> <p>Rationale: The restriction of the coaching box penalizes the level of communication between coach and player. Allowing a coach freedom to move within the new box between the 28' mark and the end line provides a coach more access to coach his/her players.</p>
2-9-1	<p>When a foul occurs, an official shall signal the timer to stop the clock. The official shall verbally inform the offender, then with finger(s) of <u>two</u> hands, indicate to the scorer the number of the offender and the number of free throws.</p> <p>Rationale: To minimize foul reporting errors, that occur between the officials and the scorekeepers when the information gets lost in the translation. Two handed reporting is easier for the scorekeepers to see and comprehend in addition to being less confusing.</p>

3-4-1d	<p>There are no color/design restrictions in the area of the team jersey from the imaginary line at the base of the neckline to the top of the shoulder and in the corresponding area on the back of the jersey. <u>There are restrictions on what identifying names may be placed in this area (see Article 3-4-4).</u></p> <p>Rationale: Provide guidance on the forthcoming restrictions for this area of the jersey.</p>
3-4-4	<p>Identifying name(s) shall adhere to the following:</p> <p>a. If used, lettering with <u>school name, school's nickname, school logo, player's name and /or abbreviation of the official school name shall</u> be placed horizontally on the jersey.</p> <p>b. <u>The panel in the shoulder area of the jersey on the back may be used for placing an identifying name as well.</u></p> <p>Rationale: Provide guidance to persons purchasing uniforms in determining what wording should go onto the jersey.</p>
4-48 NEW	<p><u>Warning for Coach/Team Conduct A warning to a coach/team for misconduct is an administrative procedure by an official, which is recorded in the scorebook by the scorer and reported to the Head Coach: Art. 1 . . . For conduct, such as that described in rule 10-5-1a, b, d, e, f; 10-5-2; 10-5-4 the official shall warn the head coach unless the offense is judged to be major, in which case a technical foul shall be assessed. Note: A warning is not required prior to calling a technical foul. Art. 2 . . . For the first violation of rule 10-6-1, the official shall warn the head coach unless the offense is judged to be major, in which case a technical foul shall be assessed. Note: A warning is not required prior to calling a technical foul.</u></p> <p>Rationale: Stopping play and making sure that the bench and the coach know that an official warning has been given, sends a clear message to everyone in the gym and impacts the behavior of the coach, and in some cases the behavior of the opposing coach. This change in behavior creates a better atmosphere and many times avoids the need to administer a technical foul.</p>

2017-18 NFHS POINTS OF EMPHASIS:

1. **Equipment worn on head for medical or religious reason.** Specific procedures have been established for allowing a head covering to be worn for medical or religious reasons. A player who is required to wear a head covering for medical or religious reasons must provide a physician statement or appropriate documented evidence to the state association for approval. If approved, the state association shall provide written authorization to the school to be made available to officials.
2. **Team control, throw-in.** The relevance of team control during a throw-in only applies when a member of the throw- in team fouls. Such fouls shall be ruled team control fouls. Team control during a throw-in is NOT intended to be the same as player control/team control inbounds. Team control inbounds is established when a player from either team who has inbound status gains control of the ball. During the throw-in, 10-seconds, 3-seconds, frontcourt status, backcourt status, closely guarded, etc., are NOT factors as there has yet to be player control/team control obtained inbounds.

With specific regard to the backcourt violation; a team may not be the last to touch a live ball in the front court and then be the first to touch a live ball in the backcourt, provided that team has establish player control/team control on the playing court (either in the backcourt or frontcourt). BY RULE EXCEPTION, during a throw-in a team may leave the front court, establish player control/team control while airborne and land in the backcourt. This is a legal play and ONLY applies to the first player of the offense who touches the ball PRIOR to the end of the throw-in.

3. **Intentional Fouls.** The committee is concerned about the lack of enforcement for intentional fouls during any part of the game but especially at the end of a game. The intentional foul rule has evolved into misapplication and personal interpretations. An intentional foul is a personal or technical foul that may or may not be premeditated and is not based solely on the severity of the act, it is contact that:
 - Neutralizes an opponent's obvious advantageous position.
 - Contact on an opponent who is clearly not in the play.
 - May be excessive contact.
 - Contact that is not necessarily premeditated or based solely on the severity of the act.

This type of foul may be strategic to stop the clock or create a situation that may be tactically done for the team taking action. This foul may be innocent in severity, but without any playing of the ball, it becomes an intentional act such as a player wrapping their arms around an opponent. The act may be excessive in its intensity and force of the action. These actions are all intentional fouls and are to be called as such. Officials must be aware of the game situations as the probability of fouling late in the game is an accepted coaching strategy and is utilized by many coaches in some form. Officials must have the courage to enforce the intentional foul rule properly.

4. **Guarding.** The addition of rule 10.7.12, has been successful in its intent to clean up illegal contact on the ballhandler/dribbler and post players. Players are attempting to replace this illegal contact with contact observed as “body bumping”. Illegal contact with the body must be ruled a foul however, officials must accurately identify if the defense or offense causes the contact and penalize the player causing the illegal contact. Once a defensive player obtains legal guarding position by facing an opponent with both feet of the floor inbounds, he/she may move to maintain that position in any direction except toward the offensive player being guarded when contact occurs. The defense is not required to keep both feet on the playing court and may jump vertically or laterally to maintain the legal position. If contact occurs prior to the offensive player getting head and shoulders past the defender the responsibility is on the offensive player.

2017-18 NFHS RULES INTERPRETATIONS:

Publisher’s Note: *The National Federation of State High School Associations is the only source of official high school interpretations. They do not set aside nor modify any rule. They are made and published by the NFHS in response to situations presented. Robert B. Gardner, Publisher, NFHS Publications © 2017*

2017-18 NFHS Basketball Preseason Guide Corrections: Page 8, Play 5 Ruling: Eliminate the last sentence, “Had A10 somehow made the three-pointer, ...” It is incorrect; Page 8: The comment under the NFHS Foul Chart should read: If one of a multiple foul is intentional or flagrant, two free throws should be given for the intentional or flagrant foul. If the multiple foul includes an intentional foul and a flagrant foul, two free throws should be given for each foul.

2017-18 NFHS Basketball Case Book Alteration – 10.5.1 SITUATION B: At halftime, as the teams, coaches and officials are making their way through a hallway to the dressing room, a Team A member verbally abuses one of the officials. **RULING:** The official must decide if the offense is major. Under 4-48, if not deemed to be major and neither a warning nor technical has been charged (direct or indirect) to the head coach, the bench personnel could be issued a warning. If a warning is issued, this would be reported to both teams, recorded in the scorebook, and the head coach would lose coaching-box privileges. If the offense was judged to be major or a warning or technical has already been issued to the head coach, a technical foul is charged to the team member and is also charged indirectly to the head coach resulting in the loss of coaching-box privileges. The third quarter will begin with two Team B free throws and the ball awarded at the division line for a throw-in. The alternating-possession arrow is unaffected. Team A will also have one foul toward the team-foul count. During intermission, all team members are bench personnel and are penalized accordingly. If the conduct is flagrant, the team member shall be disqualified. (4-48, 10-5-1a)

SITUATION 1: School A has placed its 28-foot coaching box parallel to the basketball floor so that it is 10 feet from the division line. **RULING:** This is an incorrect placement of the coaching box. The 28-foot coaching box should be measured from the end line of the basketball court toward the division line. The end of the coaching box near the scoring table must allow for a minimum of 14 feet of clear space toward the division line. **NOTE:** Regardless of the length of the coaching box mandated by the state, a minimum 14-foot area beginning at the division line and moving toward the end line should not include any portion of the coaching box regardless of the size and the alternate placement. (1-13-2)

SITUATION 2: The state association has allowed Team A to adjust the placement of its coaching box because of the design of the bleachers and the stairs leading into the bleachers. To gain the full 28 feet for the coaching box, the box has been extended beyond the end line of the playing court. **RULING:** Illegal placement of the coaching box. The placement of the box can be altered but it cannot extend beyond the end line of the court nor can it encroach into the 14-foot area near the division line. (1-13-2)

SITUATION 3: Team A is making a throw-in near the division line in the team’s frontcourt. A1’s throw-in is deflected by B1 who is applying direct pressure on A1. A2 jumps from the team’s frontcourt, catches the ball in the air and lands in the backcourt. **RULING:** Backcourt violation on Team A. The throw-in ends when it is legally touched by B1. When A2 gains possession/control in the air, he/she has frontcourt status. A backcourt violation has occurred when A2 lands in the backcourt. (9-9-1, 9-9-3)

SITUATION 4: Team A is making a throw-in near the division line in the team’s backcourt (Team B’s frontcourt). A1’s throw-in is deflected by B1 who is applying direct pressure on A1. B2 jumps from his/her frontcourt, catches the ball in the air and lands in the backcourt. **RULING:** Backcourt violation on Team B. The throw-in ends with B1’s deflection (legal touch). When B2 gains possession/control in the air, he/she has frontcourt status. A backcourt violation has occurred when B2 lands in backcourt. (9-9-1, 9-9-3)

SITUATION 5 Team A is making a throw-in near the division line in the team’s backcourt (Team B’s frontcourt). A1’s throw-in is intercepted by B1. B1 jumps from his/her frontcourt, catches the ball in the air and lands with the first foot in the frontcourt and second foot in the backcourt. **RULING:** No violation, legal play. It doesn’t matter if one foot lands before the other provided it is a “normal landing.” Since there was no deflection, the throw-in had not ended. (9-9-1, 9-9-3)

- SITUATION 6:** Team A is making a throw-in near the division line in the team's frontcourt (Team B's backcourt). A1's throw-in is deflected by B1 who is applying direct pressure on A1. B2 jumps from his/her backcourt court and catches the ball in the air. B2 lands with the first foot in the frontcourt and second foot in the backcourt. **RULING:** Backcourt violation on Team B. The throw-in ends with the deflection (legal touch) by B1. B2 gains possession/control and first lands in Team B's frontcourt and then steps in Team B's backcourt. The provision for making a normal landing only applies to the exceptions of a throw-in and a defensive player, and is only for the player making the initial touch on the ball. (9-9-1, 9-9-3)
- SITUATION 7:** A1, in the team's frontcourt, passes towards A2, also in the team's frontcourt. B1 deflects the ball toward Team A's backcourt. The ball bounces only in Team A's frontcourt before crossing the division line. While the ball is still in the air over Team A's backcourt, but never having touched in Team A's backcourt, A2 gains possession of the ball while standing in Team A's backcourt. **RULING:** Backcourt violation on Team A. Team A was still in team control and caused the ball to have backcourt status. Had A2 permitted the ball to bounce in the backcourt after having been deflected by B1, there would have been no backcourt violation. (4-4-1, 4-4-3, 9-9-1)
- SITUATION 8:** A1, while dribbling the ball in the frontcourt near the midcourt line, has the ball strike the midcourt line and as the ball comes up from the dribble, A1 touches the ball and continues to dribble. **RULING:** Backcourt violation. A1 may not be the first to touch the ball in the backcourt if he/she or a teammate last touched or was touched by the ball in the frontcourt, before it went to the backcourt. (9-9-1)
- SITUATION 9:** A1 has the ball for an end-line throw-in in his/her frontcourt. The administering official reaches a four-second count when A1 passes the ball to A2, who had been standing in the free-throw lane since A1 had the ball at his/her disposal. **RULING:** Legal. Even though a team is now in control during a throw-in, the three-second rule specifically requires that a team be in control in its frontcourt for a violation to occur. Technically speaking, the thrower-in is out of bounds and not located in the frontcourt. (4-35-2, 9-7)
- SITUATION 10:** A1 has the ball for an end-line throw-in in his/her backcourt. The administering official reaches a four-second count when A1 passes the ball onto the court. A1's pass to A2, who is also in Team A's backcourt, takes several bounces and six seconds before A2 picks up and controls the ball. **RULING:** Legal. Even though a team is now in control during a throw-in, the 10-second rule specifically requires that a player/team be in continuous control in its backcourt for 10 seconds for a violation to occur. Technically speaking, the thrower-in is out of bounds and not located in the backcourt. (4-35-2, 9-8)
- SITUATION 11:** A1 has the ball for an end-line throw-in in his/her frontcourt. A1's pass to A2, who is in the frontcourt standing near the free-throw line, is high, bounces several times and goes into Team A's backcourt untouched. A2 is then the first to control the ball in Team A's backcourt. **RULING:** Legal. There is no backcourt violation since player control and team control had not yet been established in Team A's frontcourt before the ball went into Team A's backcourt. The throw-in ends when A2 legally touches the ball in the backcourt and the backcourt count starts as soon as A2 gains control in his/her backcourt. (4-12-2, 9-9)
- SITUATION 12:** A1 has the ball for an end-line throw-in in his/her frontcourt. A1's pass to A2, who is in the frontcourt standing near the division line, is high and deflects off A2's hand and goes into Team A's backcourt. A2 is then the first to control the ball in Team A's backcourt. **RULING:** Legal. There is no backcourt violation since player control and team control had not yet been established in Team A's frontcourt before the ball went into Team A's backcourt. The throw-in ends when A2 legally touches the ball, but the backcourt count does not start until A2 gains control in his/her backcourt. (4-12-2, 9-9)
- SITUATION 13:** The head coach of Team A is upset that the foul count against his team is 7 to 2. He voices his opinion in an unsporting manner to the contest official. **RULING:** The official should stop play if it is not a break situation with a potential scoring opportunity and give the coach an official warning by notifying the scorekeeper and then letting the coach know that he has been warned. The scorekeeper should make note of the warning in the scorebook. This situation does not have to be given a warning; the coach could be issued a technical immediately. (4-48)
- SITUATION 14:** During a live ball, the assistant coach is off the bench and out of the coaching box giving instructions to a player on the court. **RULING:** The official should rule a technical on the assistant coach for being off the bench and out of the coaching box. (4-48)
- SITUATION 15:** During the second quarter, the head coach is off the bench expressing his disapproval of several calls made. As the team brings the ball down the floor into the frontcourt, the trail official stops play to issue a warning. **RULING:** The official is correct in issuing a warning to the coach for the complaints. The scorekeeper is notified, as well as the coach, of the warning. Another warning cannot be given. (4-48)

- SITUATION 16:** During the warm-up period, the referee notices on the back of Team B’s jersey the letters (a) PHHS and (b) P+E+T.
RULING: Legal in (a) as the letters on the jersey represent the official name of the school; illegal in (b) as the letters do not represent the name of the school, which makes the jersey illegal. The head coach shall be charged with a direct technical foul and the game will begin with the opponents shooting two free throws and receiving the ball for a division line throw-in. The head coach will lose coaching-box privileges. (3-4-4, 10-6-4)
- SITUATION 17:** Team A is wearing a jersey with the school name above the number on the front and the player name in the shoulder area across the back. **RULING:** Legal. It is permissible to place the names in these locations. (3-4-4)

Requests for rule interpretations or explanations should be directed to the OSAA. The NFHS will assist in answering rules questions from the state associations whenever called upon.

OSAA BASKETBALL POLICIES

Effective outside Association Year.

1. **SUMMER POLICY** (*OSAA Handbook, Executive Board Policies*) **(Revised Fall 2017)**
 - A. **All Sports.** Summer activities under the direction of any person affiliated with the high school program, including practices, contests, weight training and conditioning, are permissible throughout the summer, excluding the defined Moratorium Week, and must consider the following points:
 - 1) OSAA regulations regarding the Heat Index Calculator are in effect at all times. Athletes must be encouraged to stay well hydrated at all times, especially in hot and humid conditions. This applies to outdoor activities and indoor activities without air conditioning. See the [NFHS](#) statements on heat and hydration.
 - 2) Implement a slow and gradual preseason-conditioning regimen that prepares the athlete for the rigors of the sport.
 - 3) Slowly build up the intensity of activity over several days.
 - 4) Have fitness tests (mile run, shuttle run times, maximum repetition exercises) scheduled the second week of practices. Use a progressive, periodized program and evaluate performance once athletes are acclimated to the stress about to be placed upon them.
 - 5) Take into account the level of conditioning of all individuals and what their previous conditioning has been. Athletes who have just finished a sports season should have at least a short period (one to two weeks) of relative rest.
 - 6) Slowly introduce new exercises or workout routines to allow for adaptation by muscle groups.
 - 7) Provide adequate rest and recovery between repetitions in the weight room and especially during “gassers” and intense station or “mat” drills.
 - 8) Athletes should refrain from consuming high caffeine energy drinks and supplements, or other stimulants, as they may contribute to dehydration. See the [NFHS](#) statement on energy drinks.
 - 9) Athletes should refrain from extreme exercise during acute illness, if feeling ill, or while experiencing a fever.

Effective during Association Year, outside the designated OSAA sport season.

1. **PRACTICE LIMITATION RULE (6A Pilot)** (*Approved Feb 2017 for a one-year trial during the 2017-18 SY*) **(Revised September 2017)**
 - A. **Philosophy/Rationale.** The following statements outline the philosophy of *this policy* regarding in-season and out-of-season sports.
 - 1) ***The spirit of the Practice Limitation Rule (6A Pilot) is that every school and participant shall have the same opportunity to practice prior to the first contest.***
 - 2) The mission of OSAA member schools is to foster well-rounded individuals. The purpose of interscholastic athletics is to help educate boys and girls and not to prepare students for college athletics, which is a by-product of interscholastic competition available to a very small percentage of high school athletes.
 - 3) For most students, specialization in a single athletic activity is not in their best long-term interests.
 - 4) Students should be encouraged by coaches, administrators and parents to participate in a variety of school activities, including more than one sport during the school year.
 - 5) Schools should not allow use of school equipment, including uniforms and school district vehicles, and facilities by non-school organizations that promote a philosophy contrary to the above statements.

- 6) *6A schools are looking to provide coaches with more opportunities for fundamental skill development at specified times during the Association Year.*
 - 7) *6A schools believe that high school coaches are the individuals best-trained to guide and promote the health and physical welfare of all participants.*
 - 8) *6A schools want to work with the OSAA to educate parents regarding the impact on the health and physical welfare of students who choose to specialize in one sport, year-round.*
 - 9) There should be no promotion or publicity within a school for non-school programs, which promote a philosophy contrary to the above statements.
- B. **Individual Sports Limitation.** Schools may conduct practices and/or contests in individual sports (cross country, golf, swimming, tennis, track & field, wrestling) only during the designated OSAA sports seasons as outlined in Rule 6. Local school districts and/or leagues should establish their own policy restricting the involvement of their individual sports coaches in out-of-season programs.
- C. **Closed Period.** *The Closed Period for out-of-season team sports begins on the first practice date of each Fall, Winter, and Spring season. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. The Closed Period shall last six weeks. During the six-week Closed Period, conditioning is the only activity allowed between out-of-season coaches and student(s) from their high school.* Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. **Participation in conditioning activities must be optional.**
- D. **Open Period.** *The Open Period for all out-of-season team sports begins on the first Monday following the six-week Closed Period and ends when the next OSAA defined season begins. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. Fundamental skill development with an unlimited number of the school's student-athletes is allowed for a maximum of nine hours each week per program. All open facility times shall be included in the weekly limitation. It shall be a violation of the Practice Limitation Rule (6A Pilot) if there is any attempt by a coach during the Open Period to coach student-athletes from his/her high school in a contest in the activity he/she coaches at that high school. For the purpose of this rule, a contest is any event (practice, scrimmage, game, etc.) that involves anyone other than the students at your high school. While boys and girls basketball (and soccer) are examples of the same sport, for the purpose of this rule they are considered different activities. Participation in Open Period fundamental skill development and/or conditioning must be optional. NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.6. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.*

1. Q. *Under the Practice Limitation Rule (6A Pilot), may a coach work on fundamental skill development with two students a day as was allowed previously?*
A. *Yes, but only during the Open Period. During the Open Period coaches may work with an unlimited number of students on fundamental skill development for a maximum of nine hours each week per program. All open facility times shall be included in the weekly limitation. During the Closed Period coaches are prohibited from working on fundamental skill development with any students.*
2. Q. *Under the Practice Limitation Rule (6A Pilot), is a coach allowed to coach student-athletes from his/her high school in a contest during the Association Year outside their sport season in the activity he/she coaches at that high school?*
A. *No.*
3. Q. *Under the Practice Limitation Rule (6A Pilot), are coaches allowed to work on fundamental skill development with their students during the Open Period and organize their students to participate in contests while being coached by someone else?*
A. *No.*
4. Q. *Under the Practice Limitation Rule (6A Pilot), how does the maximum of nine hours each week per program work during the Open Period?*
A. *Any fundamental skill development involving a coach and any number of students from the coach's school in the activity he/she coaches at that high school counts toward the maximum of nine hours each week per program (football, girls' basketball, boys' basketball, etc.). A week is defined as Monday-Sunday. All open facility times shall be included in the weekly limitation.*
5. Q. *Are open gyms still permissible under the Practice Limitation Rule (6A Pilot)?*
A. *Yes, provided they occur during the Open Period and fall within the maximum of nine hours each week per program. The terminology has been changed to "open facility" and is applicable to gymnasiums, fields, tracks, etc.*
6. Q. *What are the penalties if a high school coach violates the Practice Limitation Rule (6A Pilot) by coaching members of his or her team during the Closed Period or in an out-of-season contest?*
A. *Rule 5, "Violations of Regulations – Penalties" - outlines violations of rules and penalties. As outlined in Rule 5.2., violations of any rule of the OSAA could include probation, forfeiture, fines, suspension or expulsion from the Association. The Executive Board would determine the penalty.*
7. Q. *Is a school in violation of the Practice Limitation Rule (6A Pilot) if an unpaid volunteer coach coaches both the high school team and an out-of-season team during the OSAA year?*
A. *Yes, this would be a violation. The Practice Limitation Rule (6A Pilot) applies to any coach associated with a high school program (paid, volunteer, etc.).*
8. Q. *Under the Practice Limitation Rule (6A Pilot), may two high school coaches "trade" teams and coach each other's teams in an out-of-season contest, or may a person coach a high school team and then arrange for his/her parent/spouse/family member to coach the out-of-season club team during the Association Year?*
A. *No. The intent of the rule is to provide high school coaches with more opportunities to teach fundamental skill development during specified times during the Association Year.*
9. Q. *A coach of a high school team arranges for a parent/spouse/family member to coach that same team in an out-of-season contest during the Association Year. Is this legal under the Practice Limitation Rule (6A Pilot)?*

- A. Yes, but the coach may not personally coach a team with members of his/her school ***in the activity he/she coaches at that high school during the Closed Period. During the Open Period the coach may conduct fundamental skill development and/or conditioning but may not coach members of his/her school in a contest in the activity he/she coaches at that high school.***
14. Q. May a coach be present at a camp, clinic or practice during the ***Closed Period in the activity he/she coaches at that high school*** if his/her high school students are attending as participants?

- A. Yes.
17. Q. At what point does the OSAA consider a person to be a school's coach?

18. Q. May a returning coach work with students outside their designated sports season since the coach working under a one-year contract and has not signed a contract for the coming year?

Coaches who resign and are then brought back in a coaching capacity by the same school in an attempt to circumvent OSAA policy are subject to penalties as outlined in **Rule 5, "Violations of Regulations - Penalties."**

- A. ***Yes, provided no student from his/her high school is present.***

2. **PRACTICE LIMITATION RULE** (OSAA Handbook, Executive Board Policies)

(Revised Fall 2017)

- A. **Philosophy.** The following statements outline the philosophy of the OSAA regarding in-season and out-of-season sports.
- 1) The mission of OSAA member schools is to foster well-rounded individuals. The purpose of interscholastic athletics is to help educate boys and girls and not to prepare students for college athletics, which is a by-product of interscholastic competition available to a very small percentage of high school athletes.
 - 2) For most students, specialization in a single athletic activity is not in their best long-term interests.
 - 3) Students should be encouraged by coaches, administrators and parents to participate in a variety of school activities, including more than one sport during the school year.

- 4) Schools should not allow use of school equipment, including uniforms and school district vehicles, and facilities by non-school organizations that promote a philosophy contrary to the above statements.
 - 5) There should be no promotion or publicity within a school for non-school programs, which promote a philosophy contrary to the above statements.
- B. **Preface.** The spirit of the Practice Limitation Rule is that every school and participant shall have the same opportunity to practice prior to the first contest. Practice is defined as the involvement of individuals from a member high school in any program, demonstration, instruction, or participation conducted in part or in its entirety by a person or a group of people who are or who have been involved in the coaching of any of these athletes in that sport at the high school, including volunteer coaches. Unless a person has been approved by the school district as a member of the coaching staff, that person may not practice against a team or a team member (example- throwing batting practice or working against a basketball post player).
- C. **Team Sports Limitation.** Schools may conduct practices and/or compete in contests in team sports (baseball, basketball, football, softball, soccer, volleyball) only during the designated OSAA sports seasons as outlined in Rule 6. It shall be a violation of the rule if there is any attempt during the Association year to gather together more than two members of the same high school, with remaining eligibility in that sport, per day outside the OSAA defined season to receive specialized athletic instruction from any coach associated with the participating athletes' high school. Attempts to circumvent the rule by encouraging team members to attend out-of-season practices or camps during the Association year other than through general dissemination of information or brochures shall be considered a violation of this rule. **EXCEPTION:** Baseball and softball coaches may begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day) two weeks prior to the Spring Sports First Practice Date. **NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.6. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.**
- D. **Individual Sports Limitation.** Schools may conduct practices and/or contests in individual sports (cross country, golf, swimming, tennis, track & field, wrestling) only during the designated OSAA sports seasons as outlined in Rule 6. Local school districts and/or leagues should establish their own policy restricting the involvement of their individual sports coaches in out-of-season programs.
- E. **Open Facility.** The intent of an open facility is to provide an opportunity for a recreational activity to occur. The facility is provided so that any student in the school has an opportunity to participate. (See Team Sports Limitation listed above for additional information.)
- F. **Conditioning.** Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. Participation in conditioning activities must be optional.

1. **Q.** Does the Practice Limitation Rule apply during the summer?
 - A. No. The Executive Board Policy is only in effect during the Association year, which starts on the first day of fall practice and ends after Memorial Day is observed.
2. **Q.** May a school or an individual student compete in an indoor track meet?
 - A. The OSAA does not have a season designated for indoor track. Therefore, indoor track is not an OSAA sanctioned activity. Since track and field is an individual sport, it falls under the Individual Sports Limitation. A participant in indoor track must do so unattached and may not represent his/her high school. No school uniforms, equipment or transportation may be used.
3. **Q.** What are the penalties if a high school coach violates the Practice Limitation Rule by coaching more than two members of his or her team in an out-of-season program?
 - A. **Rule 5, "Violations of Regulations – Penalties"** - outlines violations of rules and penalties. As outlined in **Rule 5.2.**, violations of any rule of the OSAA could include probation, forfeiture, fines, suspension or expulsion from the Association. The Executive Board would determine the penalty.
4. **Q.** Is a school in violation of the Practice Limitation Rule if an unpaid volunteer coach coaches both the high school team and the out-of-season team during the OSAA year?
 - A. Yes, this would be a violation.
5. **Q.** May high school team members belong to the same club team?
 - A. Yes, if the high school team members independently try out and/or belong to the same club team through no influence or direction from the high school coach, then no violation would occur.

- 6. Q.** Is it a violation of the Practice Limitation Rule if a high school coach works at a YMCA, “The Hoop,” “Sports Nation,” etc., during the Association year?
- A.** No, as long as the high school coach is not involved in directly coaching more than two players from his or her high school team on any given day.
- 7. Q.** Under the Practice Limitation Rule, may two high school coaches “trade” teams and coach each other’s teams in an out-of-season program, or may a person coach a high school team and then have his/her spouse coach the out-of-season club team?
- A.** No. The intent of the rule is to prevent the high school coach from directly or indirectly pressuring players from the high school team to play on an out-of-season club team. If the high school coach organizes the high school team members to congregate on the same out-of-season club team and then secures someone else to coach them, e.g., spouse, parent, another high school coach, etc., he or she would violate the intent of the rule and it would be considered a violation.
- 8. Q.** Under the Practice Limitation Rule, may the high school boys’ basketball coach work with the girls’ basketball club team?
- A.** Yes. Boys’ and girls’ programs at a high school in the same sport are considered separate sports for the purpose of the Practice Limitation Rule.
- 9. Q.** Under the Practice Limitation Rule, may the local golf pro coach the high school team and still give lessons to team members outside the high school season?
- A.** The Individual Sports Limitation Rule would allow this if allowed by the local school district and/or league.
- 10. Q.** A coach of a high school team allows a parent to coach that same team in an out-of-season program. Is this legal under the Practice Limitation Rule?
- A.** Yes, as long as the high school coach does not organize or require members of the high school team to participate on the out-of-season team coached by the parent.
- 11. Q.** Under the Practice Limitation Rule, may a high school coach work with a group of 9th graders before they turn out for a sport?
- A.** No. A coach may work with no more than two players (or potential players) outside the designated sports season.
- 12. Q.** Under the Practice Limitation Rule, may a high school coach work with 8th grade students before they enter high school?
- A.** Yes, so long as the contact occurs prior to the Fall first practice date on the OSAA Calendar. From that point, the students are considered high school students.
- 13. Q.** Under the Practice Limitation Rule, may a high school coach work with two students at a time, rotating the students every half-hour?
- A.** No. A high school coach may work with no more than two students from his or her school on any given day.
- 14. Q.** Under the Practice Limitation Rule, may a high school coach work with two students at one basket, then two different students at another basket, etc.?
- A.** No. A high school coach may work with no more than two students from his or her school on any given day.
- 15. Q.** Under the Practice Limitation Rule, may the head coach work with two students, the assistant coach work with two other students, the JV coach work with two other students, etc.?
- A.** No. All coaches in a program are collectively allowed to work with no more than two students from that school on any given day.
- 16. Q.** Under the Practice Limitation Rule, may a high school coach work with more than two students provided that any student(s) in excess of two are his/her children?
- A.** Yes. When determining number of players for the purpose of this policy, the children of the person coaching shall not count toward the limitation.
- 17. Q.** Are open gyms still permissible under the Practice Limitation Rule?
- A.** Yes. The terminology has been changed to “open facility” and is applicable to gymnasiums, fields, tracks, etc. The basic philosophy of an open facility is that it is a recreational opportunity open to anyone and that no instruction is occurring. A coach may not be “at the other end” of an open facility working with two students.
- 18. Q.** Are batting cages considered open facilities?
- A.** Yes, if a batting cage is open to anyone and no coaching is taking place. Merely throwing batting practice is not considered coaching. Hitting grounders and/or fly balls is considered a violation.
- 19. Q.** A high school baseball/softball coach wants to run a hitting camp for players prior to the first practice date for spring sports. Is this legal under the Practice Limitation Rule?
- A.** No. The high school coach may coach no more than two of his or her players on a given day outside of the OSAA designated sports season.

20. Q. Under the Practice Limitation Rule, may a school have an “open gym” or “open field” where baseball/softball players play catch to get their arms in shape?
A. Yes, provided that no coaching is taking place.
21. Q. Under the Practice Limitation Rule, may a high school coach include graduating seniors on an out-of-season club team after the high school season in that sport has been completed?
A. Yes. Once seniors have completed their sports season, they are no longer considered to be team members or potential team members for that sport.
22. Q. Under the Practice Limitation Rule, may a high school wrestling coach be involved with his wrestlers in AAU, Greco-Roman and/or freestyle wrestling?
A. Yes. Under the Individual Sports Limitation Rule, local school districts and/or leagues may establish their own policy regarding the high school coach’s involvement in individual sports such as wrestling.
23. Q. Under the Practice Limitation Rule, may a high school coach conduct club team try-outs prior to the end of the association year?
A. No.
24. Q. Under the Practice Limitation Rule, may more than two students serve as demonstrators at a clinic or camp at which their school coach is making a presentation outside of the OSAA season for that sport?
A. Yes, but with these restrictions:
1) More than two students may attend a camp or clinic only as demonstrators for a presentation by their coach. It would be a violation of the Practice Limitation Rule for more than two students to attend as participants at a clinic or camp at which their school coach is making a presentation unless the clinic or camp was held during the OSAA season for that sport.
2) Each school is limited to only one clinic or camp to which this interpretation applies per program each school year.
3) Clinic or camps to which this interpretation applies may be no more than two days in length.
25. Q. May a coach participate in an open gym with more than two members of his/her school?
A. Yes, so long as no instruction takes place.
26. Q. May a coach participate on an organized team with more than two members of his/her school?
A. No.
27. Q. Under the Practice Limitation Rule, may a coach own a club on which there are teams, which include more than two members of his/her school?
A. Yes, but the coach may not personally coach a team with more than two members of his/her school.
28. Q. May a coach be present at a camp, clinic or practice during the Association Year outside of their sport’s designated season if more than two or his/her high school students are attending as participants?
A. No, a coach may not attend as an instructor or observer.
29. Q. ***May a high school coach be present as a spectator at an out-of-season club team contest if his/her high school student(s) are participating on the team?***
A. ***Yes, this is allowed.***
30. Q. Under the Practice Limitation Rule may a high school coach work with his/her children and two additional students?
A. Yes, a coach’s children are not counted under the Practice Limitation Rule.
31. Q. Would it be a violation of the Practice Limitation Rule for a coach to teach more than two members of the high school program in a sport-specific class outside of the season for that sport during the Association Year?
A. No, so long as the sport-specific class meets the following conditions:
1) The coach must be the teacher of record for the sport-specific class, and
2) The sport-specific class must be part of the regular school curriculum for which credit is granted, and
3) Enrollment in the sport-specific class must not be limited to team members.
32. Q. Would it be a violation of the Practice Limitation Rule if a school was to offer a sport specific class for which the coach is not the teacher of record, and the coach was allowed to attend the class as a guest and teach sport specific skills to more than two members of the high school program outside of the season for that sport during the Association Year?
A. Yes.
33. Q. At what point does the OSAA consider a person to be a school’s coach?
A. Once a person and a school have verbally agreed that the person will perform coaching duties for the school, he/she is considered to be that school’s coach by the OSAA. At that time, all OSAA policies are in effect for that coach until such time that the coach resigns or is notified by the school that they are no longer a coach for that school.

34. Q. May a returning coach work with students outside their designated sports season since the coach working under a one-year contract and has not signed a contract for the coming year?
- A. No. Once a person becomes a school's coach, the OSAA considers that person to be a coach for the school until such time that the coach resigns or is notified by the school that they are no longer a coach for that school. Coaches who resign and are then brought back in a coaching capacity by the same school in an attempt to circumvent OSAA policy are subject to penalties as outlined in **Rule 5, "Violations of Regulations - Penalties."**
35. Q. A school is conducting interviews for a vacant coaching position. Is the interviewee allowed to conduct a practice with more than two students from a school in part of the interview process?
- A. Yes, but the trial practice session shall be no longer than 30 minutes in length.
36. Q. On what date may baseball and softball coaches begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day)?
- A. **February 12, 2018**, which is two weeks prior to the start of spring practices on **February 26, 2018**.
37. Q. During this two-week early window for baseball and softball coaches, how many students are coaches allowed to work with each day?
- A. If non-pitchers and non-catchers, a maximum of two a day. If pitchers and/or catchers only, a maximum of eight a day. This maximum applies to a school's entire coaching staff in that activity.
38. Q. During this two-week early window for baseball and softball coaches, are coaches allowed to work with eight pitchers and catchers and two additional students on the same day?
- A. No. During this timeframe, coaches are allowed to work with a maximum of eight on a single day but all eight must be pitchers and/or catchers, or the coaches may work with two non-pitchers and non-catchers on a single day, but not both.
39. Q. During this two-week early window for baseball and softball coaches, are coaches allowed to work with six pitchers and catchers and two additional students, for a total of eight?
- A. No. During this timeframe, coaches are allowed to work with a maximum of eight on a single day but all eight must be pitchers and/or catchers. During this timeframe, coaches would be allowed to follow the standard "Rule of Two" and work with two players only on a single day. These players are not required to be pitchers and/or catchers.
40. Q. During this two-week early window for baseball and softball coaches, if coaches are working with pitchers and/or catchers, is live hitting allowed?
- A. No, live hitting is not allowed but a coach is allowed to stand in the batter's box.

Effective First Practice Date through End of High School Season.

1. [PRACTICE MODEL](#) (*OSAA Handbook, Executive Board Policies*)

(Revised Fall 2017)

Schools and students are required to adhere to the following practice model.

- C. **All other sports** (Cheerleading, Swimming, Wrestling, Basketball, Dance/Drill, Golf, Tennis, Track & Field, Baseball, Softball)
- 1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student's access to water should not be restricted. In addition, all practices shall follow the fundamentals set forth in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and diminish injury risk in any setting.
 - 2) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
1. Q. Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?

A. Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.
 2. Q. Is the one-hour weight training session allowed on single practice days required to be "immediately" prior to and after the practice?

A. No, the training session does not have to immediately precede or follow the scheduled practice.
 3. Q. Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?

A. No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.
 4. Q. On single practice days may coaches conduct classroom-training sessions that would involve no physical activity?

A. Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.

5. **Q.** Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?
A. Yes, classroom instruction that requires no physical activity is allowed during the recovery period.
6. **Q.** A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?
A. No, the three-hour recovery period between practices is required regardless of practice length.
7. **Q.** Are multiple practices on a single day required for all Fall teams?
A. No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practices days is a teaching session only.
8. **Q.** What is the definition of a “teaching session”?
A. During a teaching session, the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but Live Action situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this “teaching session” to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.
9. **Q.** How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?
A. Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.
10. **Q.** If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?
A. No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.
11. **Q.** May a team practice for 2 hours, take a 30-minute break, and resume for 1 hour?
A. No, this would constitute a violation. Teams may not exceed the maximum practice time of three hours, including all breaks within the schedule.
12. **Q.** In football, are 7-on-7 drills permissible during teaching sessions?
A. Yes, provided that they comply with the foregoing “teaching session” requirements.

2. **PARTICIPATION LIMITATIONS** (*OSAA Handbook, Participation Limitations, Basketball*)

- A. **Team.** A school team shall not play more than 24 games at each level of competition exclusive of varsity district playoffs and state championships.
- B. **Individual.** A student shall not participate in more than five quarters per day and in not more than 24 games per season, exclusive of varsity district playoffs and state championships. Overtime periods shall be considered an extension of the previous quarter, and participation for any length of time in a quarter shall constitute a quarter. For the purposes of this rule, participation during the same day in five quarters shall be considered participation in one game. A student may participate in only one jamboree.
- C. **Jamboree.** A school may participate in only one jamboree at each level of competition. A jamboree shall include at least three teams, and shall not be counted as a contest. Jamborees may be held only on the first playing date and for 30 days thereafter. A jamboree shall be limited to not more than a total of 24 minutes (three or more teams) and to not more than one contest against any school. Students participating in jamborees shall adhere to the individual participation limitations set forth in this Handbook. Participation against a single opponent in a jamboree shall count as one quarter toward the daily limit. A student may participate in only one jamboree.
- D. **Five-Quarter Rule.**
 - 1) If a student participates in a total of five quarters on one day in three different games (one-quarter freshman, two quarters junior varsity, two quarters varsity), the student is charged with participation in one game. However, if the same student participated in five quarters on three separate days (one quarter freshman on Monday, two quarters junior varsity on Tuesday, two quarters varsity on Wednesday), that student is charged with three games. If a student appears in more than five quarters on one day, the game in which the student exceeds the limit is forfeited. Participation in two games at the same level in one day counts as two games.

2) **EXCEPTION.** Individuals may participate in two games in one day at the same level.

E. **Adding a Fifth Quarter.** A fifth quarter may be played at the freshman level, or at the junior varsity level if there is no freshman team, providing both schools agree and the officials agree. The extra quarter is intended to provide an opportunity for those students whose play was limited in the regular contest. In no case, shall a student exceed the five-quarter limit.

3. **OFFICIALS – CERTIFIED REQUIREMENT** (OSAA Handbook, Executive Board Policies) (Revised Fall 2013)

A. **General requirement.** Member schools shall secure certified officials from officials' associations that have been recognized and certified by the OSAA for all interscholastic activities requiring those officials. **EXCEPTION:** Any request for an exception to this policy must receive the approval of the Executive Director. Exceptions shall be considered only when adherence to this policy presents a financial hardship to the school or when the local officials' association is unable to service the member school. Any out-of-state official used under this exception in a contest in Oregon shall represent an association whose commissioner was an attendee at the OSAA Rules Interpreters' Clinic for that year.

OSAA certified officials are required for all sanctioned activities at the varsity and junior varsity levels including jamborees. **EXCEPTION:** OSAA certified officials are required in baseball and softball at the varsity level only. OSAA certified officials are required in football at all sub-varsity levels.

Schools, leagues and tournaments are limited to using a maximum of the quantity of officials assigned to State Championship contests unless written permission to exceed that quantity is received from the OSAA Executive Director prior to the event(s).

Schools have the responsibility to request permission from their local associations to use non-certified officials at sub-varsity contests where certified officials are not required.

B. **Quantity requirements.** See **Officials Fee Schedule** for additional information.

2) **Basketball.** Two officials are required at the varsity and junior varsity levels. One referee may be used in an emergency situation only. JV2 and Freshman: Two officials should be assigned, but one official may be assigned at the rate of 1.33 the "per official fee."

4. **INTERRUPTED CONTESTS** (OSAA Handbook, Executive Board Policies) (Revised Fall 2013)

Following is the policy concerning interrupted athletic contests. **NOTE:** For state championship final games, the OSAA staff shall take jurisdiction and make any decisions rather than the schools involved.

B. **Basketball.** Contest shall be continued from point of interruption unless the teams mutually agree otherwise or there are athletic district rules that apply.

5. **ENDOWMENT GAMES** (OSAA Handbook, Executive Board Policies) (**Endowment Game Application**) (Revised Spring 2016)

The OSAA and its member schools believe in the fundamental values associated with participation in high school activities and want to work together to ensure the future of high school activities in the state of Oregon. The establishment of the OSAA Foundation will help us realize our goal. Endowment Games are a way for member schools and local communities to be active participants in growing the OSAA Foundation. Endowment Games regulations are as follows:

A. Endowment Games applications should be submitted to the OSAA office by the host school a minimum of 15 days prior to the scheduled contest. Failure to do so may result in participation limitations violations. Applications may be reviewed prior to approval to ensure that the host school is able to effectively secure the facility and charge admission.

B. Endowment Games shall not count toward a school's or an individual student's season participation limitations for each activity. Daily and weekly individual participation limitations still apply. Schools should ensure that participants meet all OSAA eligibility requirements prior to competing in an Endowment Game.

C. Endowment Games tickets will be \$6 for adults and \$4 for students. No passes shall be accepted except for the OSAA Media Pass.

D. Upon completion of an Endowment Game, the host school is responsible for submitting the necessary financial report form and 100% of the gate receipts to the OSAA Foundation. The OSAA Foundation will return 50% of the gross gate receipts to the host school within five business days after receiving the check for gross gate receipts. Operating expenses for Endowment Games are to be drawn from the 50% of the gross gates receipts returned to the host school. Financial agreements, if any, between the two participating schools are at the discretion of the schools.

E. Endowment Games are allowed at the varsity level only in the following activities:

4) **Basketball.** One additional game between the first contest date and the cutoff date.

1. **Q.** Are Endowment Games required?

A. No, Endowment Games are optional for all member schools.

2. **Q.** What happens when one basketball team is counting the contest as an Endowment Game, but the other team has only scheduled 24 games?
 - A.** If either team in a contest is counting the game as an Endowment Game, it is considered to be an Endowment Game.

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.

- B. **Concussion Recognition and Management Training.** <http://nfhslearn.com/>

The OSAA and Oregon State Law ([ORS 336.485](#)) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS's Concussion in Sports free course satisfies this requirement. This training is required annually.

- C. **NFHS Heat Illness Prevention.** <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS's Heat Illness Prevention free course. ***This training is required once every four years.***

Each Player Safety Coach is required to attend an in-person clinic annually prior to the start of the Association year that is conducted by a USA Football Master Trainer in preparation for implementing and overseeing the primary components of Heads Up Football at their school.

- 1. **Q.** Does certification through the American Sport Education Program (ASEP) satisfy the requirement in **Rule 1.4?**
 - A.** Yes, so long as the athletic director or coach was certified through ASEP prior to August 1, 2007. Thereafter, only the NFHS Coach Education Program "Fundamentals of Coaching" will satisfy this requirement unless an exception is granted in writing by the OSAA.
- 2. **Q.** When must a coach be certified?
 - A.** All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.
- 3. **Q.** Is certification required of volunteer coaches?
 - A.** Yes.
- 4. **Q.** Must a "guest" coach be certified?

No. The “guest coach” exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants “guest coaches” would be a violation of OSAA rules.
6. **Q.** In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?
 - A. Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.

- B. A permanently attached commemorative patch may be worn but must adhere to NFHS rules in each specific sport.
- C. Colored game balls may not be used during competition unless they are legal under NFHS rules. They may be used during any warm-up period prior to the contest, except in softball and baseball.

4. **CONCUSSION MANAGEMENT** (*OSAA Handbook, Executive Board Policies*) (Revised Fall 2015)
(Concussion-Return to Participation Medical Release) **(Concussion-Return to Learn Medical Release)**

A. **Member School’s Responsibilities** (Max’s Law, [ORS 336.485](#), [OAR 581-022-0421](#)) (Jenna’s Law, [ORS 417.875](#))

- 1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools which have the services of an athletic trainer registered by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with an appropriate Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.
- 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by an appropriate Health Care Professional (Physician (MD), Physician’s Assistant (PA), Doctor of Osteopathic (DO) licensed by the Oregon State Board of Medicine, nurse practitioner licensed by the Oregon State Board of Nursing, or Psychologist licensed by the Oregon Board of Psychologist Examiners) is obtained, the athlete shall not be permitted to return to athletic activity.
- 3) **Private Schools Only.** **(Concussion-Private School Informed Consent)**

On an annual basis prior to participation, private schools shall require each student and at least one parent or legal guardian of the student to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each student’s signed form on file for review at any time by OSAA staff.

B. **Official’s Responsibilities.**

An official shall remove a player from a contest when that player exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or his/her designee making sure that the head coach or designee understands that the player is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons.

The official is not responsible for evaluation or management of the player after he/she is removed from play. The official does not need written permission for a player to return nor does the official need to verify the credentials of the appropriate health care professional who has cleared the player to return. The responsibility of further evaluating and managing the symptomatic player falls upon the school and appropriate health care professionals.

5. **EJECTION POLICIES – EJECTED PLAYER OR COACH** (OSAA Handbook, Executive Board Policies) (**Ejection Report**) (Revised December 2016)

- A. If a player or coach is ejected by an official, the commissioner of officials shall notify the OSAA and the athletic director of the school of the ejected player/coach by completing the online ejection report by the next workday. Ejected coaches must leave the contest immediately and shall remain out of “sight and sound” of the team for the duration of that contest and any other school contests that day. It shall be the responsibility of the school to disallow the ejected player or coach from participating during the period of suspension specified in the Regulations, regardless of whether written notification has been received by the school from the commissioner of officials. Should an ejected player participate or an ejected coach remain within “sight and sound” of the team during the period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
- B. **Additional Requirements Regarding an Ejected Coach.** In addition to the requirements previously listed in this policy, an ejected coach shall be required to complete the online NFHS course, “Teaching and Modeling Behavior”, within seven calendar days of the school being provided a license to take the course by the OSAA. Should a coach fail to complete the course requirement within the time limit stipulated in this policy, the ejection suspension shall be reinstated and the coach shall be ineligible to coach until the requirement has been fulfilled. Should an ejected coach remain within “sight and sound” of the team during the reinstated period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
- C. **Appeal Process.** If the principal or the Athletic Director of the ejected coach/player and the commissioner of officials agree that the suspension should be set aside, the principal may appeal to the Executive Director within 48 hours of the ejection to set aside the next game suspension portion of the penalty. Unless the commissioner agrees that the suspension should be set aside, the appeal must be denied by the Executive Director. If the Executive Director denies an appeal, that denial may be appealed to the Executive Board, which shall hear the appeal at its earliest convenience and issue a final ruling. Implementation of the next game suspension may be postponed during the time that an appeal is pending.

- 1. **Q.** When a player is ejected, may the player remain on the bench?
A. Yes. The player is required to sit out the remainder of the contest, but may remain on the bench.
- 2. **Q.** When a coach is ejected, must the coach leave the playing area?

Further, the coach is allowed no direct or indirect contact with the team at the contest at which the suspension is served nor is the coach permitted to attend the contest at which the suspension is served.

11. **Q.** May a suspended coach have contact with team members/other coaches of the team during the period of suspension on a game day that is NOT a school day?
A. The suspended coach may have no contact with team members/other coaches of the team until the game is over.
12. **Q.** May a suspended coach have any contact with other coaches of the team (for example, via mobile phone or wireless radio) during a game in which a suspension is being served?
A. No. The suspended coach must be “out of sight and sound” of the contest during which a suspension is served.
13. **Q.** If a player or coach is ejected during the last contest of the season, does the unserved suspension carry forward to a subsequent season?
A. No.
14. **Q.** In basketball, does the ejection of a player or coach as a result of receiving two technical fouls result in the player or coach being suspended through the next contest at that level?
A. Yes, a player or coach who is ejected as a result of receiving two technical fouls is ejected for the remainder of the day and must sit out through the next contest at that level.
15. **Q.** Does the contest from which a participant is suspended due to an ejection count against the individual contest limitation for the participant?
A. Yes.
16. **Q.** When a player or coach is ejected while acting as a spectator at a contest, but at which he or she is not serving as a player or a coach, does a period of suspension still apply?
A. Yes. The ejected player or coach is suspended from all participation for the same period of time as if he or she had been a participant in the contest at which the ejection occurred.
17. **Q.** When a player or coach is ejected in one sport, may the player or coach participate or coach in another sport during the period of suspension?
A. No.
18. **Q.** When a player or coach is ejected from an out-of-state contest, does the OSAA ejection policy apply?
A. Yes. It is the responsibility of the school to notify the OSAA of the ejection.
19. **Q.** When a player or coach is ejected from an out-of-state contest, what appeals process is followed?
A. If the school of the ejected player or coach wishes to appeal to set aside the next game suspension portion of the penalty for the ejection, it is the responsibility of the school to contact the commissioner of the out-of-state officials’ association to obtain written information to submit to the OSAA in support of the appeal.
20. **Q.** *May a forfeited contest that is not actually played count toward the period of suspension for a player or coach?*
A. *Yes, but only for a player or coach from the team that is receiving the forfeit. It would not count toward the period of suspension for a player or coach from the team forfeiting the contest.*

A. Yes, provided that the contact with students is limited to non-athletic pursuits such as schedule changes, registration, etc.
15. **Q.** At what point does the OSAA consider a person to be a school's coach?
A. Once a person and a school have verbally agreed that the person will perform coaching duties for the school, he/she is considered to be that school's coach by the OSAA. It is recommended that each team have their own coaching staff and that staggered practice times be utilized when possible.

12. SPECTATOR CONDUCT AT OSAA SANCTIONED EVENTS (OSAA Handbook, Executive Board Policies) (Revised Winter 2015)

In addition to the general expectations included in the OSAA Constitution, Rule 3, that school officials...shall take all reasonable measures to ensure that the school's students and supporters maintain a sportsmanlike attitude toward all events... the following specific expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided:

- A. All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Some examples of inappropriate conduct or actions that are not permitted are: turning backs, holding up newspapers or jeering at cheerleaders during opposing team introductions; disrespecting players by name, number or position; negative cheers or chants; throwing objects on the floor.
- B. Spectators are not permitted to have signs or banners (larger than 8 ½ by 11 inches), confetti, balloons or glass containers. Fathead type items are considered signs and shall not be larger than 8 ½ by 11 inches. Spectators are required to wear shirts.
- C. Spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.

- D. Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language. Spectators shall not be permitted to engage in any racially / culturally insensitive action.
- E. Spectators who fail to comply with Association or site management spectator conduct expectations may be expelled from the contest.

1. **Q.** May home team schools display signs and/or banners at their home venues?
A. Yes, home team schools may display permanent signs and/or banners that are positive/supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league/state championship banners and sportsmanship banners.
2. **Q.** May visiting schools bring signs and/or banners to hang at the host school’s venue?
A. No.
3. **Q.** Are run through signs allowed?
A. Yes, so long as the message is positive/supportive.
4. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
5. **Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
6. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! boing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team’s opponents.
7. **Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
8. **Q.** May students cheer during serves in volleyball and free throws in basketball?
A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.
9. **Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
10. **Q.** May a school use balloons at a state championship final site?
A. No.
11. **Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

13. **STATE CHAMPIONSHIPS – RANKINGS** (OSAA Handbook, Executive Board Policies) **(Revised Fall 2017)**

The OSAA shall use a ranking system to place qualifying teams on to OSAA State Championship brackets in the following team sports: football, boys’ soccer, girls’ soccer, volleyball, boys’ basketball, girls’ basketball, baseball and softball. Specifics regarding the ranking system and its implementation are listed below.

- A. **Overall OSAA Ranking.** The overall OSAA ranking system shall be a combination of a Rating Percentage Index (RPI) system and the Colley Rating system. Each team will have an RPI Rank and a Colley Rank that will be averaged to create their overall OSAA Ranking. The Colley Rank will be used to break ties between teams with the same OSAA Ranking.
- B. **Rating Percentage Index (RPI).** Factors included are wins, losses, ties and location of the contest (home, neutral, away). Score differential and rewards/penalties for playing teams outside one’s classification are not a part of the RPI system.

1) **Weighting of Contests.** The weight of a particular contest in the RPI system is determined by its location.

Home Win – .8 of .8	Road Win – 1.2 of 1.2	Neutral Site Win – 1.0 of 1.0
Home Tie – .4 of .8	Road Tie – .6 of 1.2	Neutral Site Tie - .5 of 1.0
Home Loss – 0 of 1.2	Road Loss – 0 of .8	Neutral Site Loss – 0 of 1.0

- 2) **Percentage Breakdown.** The RPI system factors a team's weighted winning percentage (35%) and a team's opponents' winning percentage (65%) to create a team's RPI ranking.
- C. **Colley Rating.** This system is based on winning percentage, which is adjusted for a team's strength of schedule. Only games against opponents within the same classification are included in the formula. When this system is expanded to include all teams in a classification, a linear system is created with the same number of variables as there are equations. The result of the calculations is a rating for each team in the classification that measures the team's winning percentage against the strength of its opponents and the interactions of their opponents with all teams within the classification.
- D. **Results.** Wins and losses shall be included in the rankings for all team sports. Ties shall only be included for boys' and girls' soccer.
- 1) **Endowment Games.** Results from contests designated as Endowment Games shall be included.
 - 2) **Independent Status Teams.** Results from contests that have been granted Independent Status by the OSAA shall be included.
 - 3) **Forfeits.** Forfeits shall be included and counted as a loss for the forfeiting team and a win for the team receiving the forfeit victory. However, in the RPI system, computation of opponents' winning percentage (OWP) shall not include the results of any forfeits **where the result of the contest changes due to the forfeit.** Contests that have been legally played (using eligible players, etc.) shall not be counted as forfeits in the rankings, regardless of a league/district's standard operating procedures.
 - 4) **Out of State Teams.** In the RPI system, results from contests against out of state teams shall be included in a team's weighted winning percentage and a team's opponents' winning percentage only. Schools are strongly encouraged to utilize the Out-of-State Opponent form in order to have direct, regular contact with these teams.
 - 5) **Out of Country Teams.** In the RPI system, results from contests against out of country teams shall not be included, except for contests against teams who are members of NFHS Affiliate Associations (e.g. Canadian provinces, U.S. territories, etc.) which shall be treated like contests against out of state teams.
 - 6) **Contests vs. Teams Whose Classification's Rankings Are Frozen.** Results from contests involving any team whose classification's rankings are already frozen shall not be included in the rankings.
 - 7) **Contests vs. Teams More Than One Classification Away.** In the RPI system, results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 13; Winter – Dec. 20; Spring – Apr. 4**) vs. a team more than one classification away shall not be included in the rankings. **NOTE:** bracketed contests at tournaments are not affected by this policy.
 - 8) **Contests Added After a Certain Date.** Results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 27; Winter – Jan. 10; Spring – Apr. 11**) shall not be included in the rankings. **NOTE:** Contests not affected by this policy include bracketed contests at tournaments, league tiebreakers, and district/league tournaments. Schools may apply for an exception to OSAA Staff in extenuating circumstances.
 - 9) **Volleyball Pool Play.** Results from pool play in volleyball tournaments shall not be included.
 - 10) **1A Football.** Results from contests between 1A football teams (8-man) and other classifications shall not be included.
 - 11) **JV Teams.** Results from contests against JV teams shall not be included.
 - 12) **Alumni Teams.** Results from contests against alumni teams shall not be included.
 - 13) **Jamborees.** Results from jamborees shall not be included.
 - 14) **Cancellations.** Results from contests that are cancelled shall not be included.
- E. **Home/Away Designation.** Since the RPI system factors in where a contest is played, it is important that schools correctly designate this information when reporting schedules and results, especially for tournaments. Tournament play shall be considered a neutral site, except for contests played by the tournament host at its home venue. Baseball and softball contests, even those played as part of a tournament, shall not be listed as neutral due to the fundamental difference associated with being the home team in those sports (advantage of batting last).

- F. **Ranking Timelines.** The rankings for each team sport shall be available to the public through the OSAA website beginning with the first contest date of each sports season. Rankings shall be frozen on the following dates for each classification in each team sport:

Sport (includes all games played on that day)	6A	5A	4A	3A & 2A	1A
Volleyball - Rankings Freeze Date (10pm)	<i>Thurs, Oct. 19</i>	<i>Sat, Oct. 21</i>	<i>Tues, Oct. 17</i>	<i>Tues, Oct. 24</i>	<i>Mon, Oct. 23</i>
Soccer - Rankings Freeze Date (10pm)	<i>Sat, Oct. 21</i>	<i>Wed, Oct. 25</i>	<i>Tues, Oct. 24</i>	<i>Sat, Oct. 28</i>	<i>Sat, Oct. 28</i>
Football - Rankings Freeze Date (10pm)	<i>Fri, Oct. 27</i>	<i>Fri, Oct. 27</i>	<i>Fri, Oct. 20</i>	<i>Sat, Oct. 28</i>	<i>Fri, Oct. 27</i>
Basketball (Girls) - Rankings Freeze Date (10pm)	<i>Wed, Feb. 21</i>	<i>Fri, Feb. 23</i>	<i>Tues, Feb. 20</i>	<i>Sat, Feb. 17</i>	<i>Sat, Feb. 17</i>
Basketball (Boys) - Rankings Freeze Date (10pm)	<i>Thurs, Feb. 22</i>	<i>Sat, Feb. 24</i>	<i>Tues, Feb. 20</i>	<i>Sat, Feb. 17</i>	<i>Sat, Feb. 17</i>
Baseball/Softball - Rankings Freeze Date (10pm)	<i>Sat, May 12</i>	<i>Mon, May 14</i>	<i>Sat, May 12</i>	<i>Sat, May 19</i>	<i>Sat, May 19</i>

- G. **Breaking Ties in the Overall Rankings.** In the event of a tie in the final overall OSAA Rankings, the teams' Colley Rank will be used to break the tie. Although the Colley Ratings are displayed to the thousandths, the Colley Ratings shall be extended to as many digits as possible in order to break the tie. If a tie still exists then head-to-head competition shall decide the higher overall OSAA ranking. If a tie still exists, the RPI ranking shall be extended to as many digits as possible in order to break the tie. If that does not resolve the tie, the RPI ranking shall be extended to as many digits as possible for each of the following components in this order: winning percentage, weighted winning percentage, opponents' winning percentage. If a tie still exists, a coin flip by the OSAA staff shall decide the higher overall OSAA ranking.
- H. **Home Games for League Champions.** League champions at the 6A, 5A, 4A, 3A, 2A and 1A classifications shall be guaranteed a home game in their first state playoff contest, provided that the league champion finished in the top 16 of the final frozen rankings. Only one team per league will be considered the league champion under this policy; ties must be broken by the league. League champions meeting this criterion shall be moved up in the rankings the least number of places in order to ensure a home game (e.g. a league champion ranked #13 in the final frozen rankings shall be moved up to #8 and affected teams will shift down accordingly). League champions not meeting this criterion shall not be moved.
- I. **Avoiding Same League Matchups in 1st Round.** The OSAA Staff shall make adjustments to the bracket to avoid teams from the same league matching up in the 1st Round. At the 1A level in volleyball and basketball, adjustments to the bracket shall be made beginning in the Round of 16 to avoid same league matchups. The following process shall be used:
- 1) Always move the lower ranked team when a conflict occurs.
 - 2) Never take a home game away from a team when trying to resolve a conflict.
 - 3) Make a total of three moves for a team to try and fix the conflict.
 - 4) The three moves must move downward, if possible (e.g. #23 shifting with #24, #25, #26).
 - 5) If there is not room to move downward (e.g. #32 is the conflict in a 32-team bracket), then move upward.
 - 6) If the conflict is not resolved after a total of three moves, no change shall be made to fix the conflict.
- J. **Placing Teams on the OSAA Bracket.** Once any adjustments are completed per sections H and I above, teams shall be assigned an adjusted playoff ranking (APR) and placed on the bracket accordingly (e.g. 1-32, 1-16, etc.)

14. WITHDRAWAL DURING A COMPETITION (OSAA Handbook, Executive Board Policies)

- A. Removal of a team from competition prior to completion of that competition shall be considered a gross act of unsportsmanlike conduct.
- B. In such a case, the school shall forfeit the contest and an administrator and the coach responsible for the action shall appear before the Executive Board at its next regularly scheduled meeting. See **Executive Board Policies, "Withdrawal from State Championships"** for additional information.

Rule 3 – Contests – Sportsmanship – Crowd Control (OSAA Handbook, Rules)

- 3.1.** The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.
- 3.2.** When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.
- 3.3. Sportsmanship Responsibility.** The high school principal, coach and other responsible officials of each member school shall take all reasonable measures to insure that the school's coaches, players, students and supporters maintain a sportsmanlike attitude toward all events so that events may be conducted without unreasonable danger or disorder.

All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Derogatory and/or unsportsmanlike language is not allowed. No player may be singled out by number, name or position with negative comments of any kind.

When a petition is filed alleging violation of this rule, the Executive Director may, at his/her discretion and with concurrence of any two Executive Board members, postpone any pending event which the Executive Director has reason to believe cannot be conducted without an unreasonable danger of disorder. All such protests shall be referred to the Executive Board, which shall proceed as provided in Rule 4. In addition to any other action the Executive Board may take regarding a protest alleging a violation of this rule, the Executive Board shall have the power to cancel or reschedule the event involved, or to impose conditions on conducting it.

- 3.4. Sportsmanship Violations/Penalties.** When the coaches, players, students, staff or supporters of any member school engage in unsportsmanlike conduct, disorder or infliction of damage to persons or property in connection with any festival, meet, contest or championship sponsored by this Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association. Any school whose coaches, players, students, supporters, rooters or partisans take part in riots, fights, pilfering, painting or any other unsportsmanlike conduct shall be subject to penalty.
- 3.5.** A member school shall not participate in any festival, meet, contest or championship with a school that has been suspended or expelled from the Association.
- 3.6.** The Association shall conduct state championships as directed by the Delegate Assembly.
- 3.7.** A school shall not be allowed to participate in more than one state championship in a given sport.

- 1. Q.** Is the host school exclusively responsible for crowd control?
A. No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.
- 2. Q.** May home team schools display signs and/or banners at their home venues?
A. Yes, home team schools may display permanent signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.
- 3. Q.** May visiting schools bring signs and/or banners to hang at the host school's venue?
A. No.
- 4. Q.** Are run through signs allowed?
A. Yes, so long as the message is positive/supportive.
- 5. Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
- 6. Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
